

„My experience at Hof University and the Global Management Master's degree programme has been amazing. I am very happy to have had the opportunity to attend lessons with people from different countries and cultures, which exposed me to the globalised world in which we live. In saying that, I can testify that this Master's programme offers more than quality lessons, fantastic teachers and excellent facilities. It also offers an international environment that will prepare us for our future careers.“

Paula Gomez
Master student from Colombia

Why Study At Hof University

Founded in 1994, our university offers an attractive study environment with modern amenities. As a practice-oriented University of Applied Sciences with integrated internships in all programs, the employability of our graduates is the main focus of our teaching.

German and international students from more than 40 countries learn together on our friendly and open-minded campus. With a comfortable student-lecturer ratio, you benefit from intensive personal support during your studies.

For our international students, we provide numerous services in the International Office and Welcome Center, Career Service, Language Center and Housing Office.

With the expert assistance from our highly motivated team, you will smoothly settle in your new personal and academic environment. Join Hof University and benefit from our unique Welcome Service!

Welcome at Hof University

About the city Hof

Our main campus is located in the Bavarian city Hof, a safe and cozy town located in the heart of Europe. It offers all amenities of a university town: cinemas, a theater, an annual film festival and a variety of cafes, bars and clubs. Its green surroundings are ideal for outdoor activities and major cities like Berlin, Prague or Munich are within easy reach by train or bus.

During your stay here, you can enjoy many fun activities in the area. You have the opportunity to not only study in a practice-oriented environment but also experience life outside the classroom.

Welcome!

We know that adjusting to life in a foreign country can be difficult. No need to be scared!

Our Welcome Team will assist you in all aspects of your stay in Hof: We help you find the right academic program for you and support you in organizing all formality issues such as visa, residency, insurances, and banking.

Prior to the start of each semester, we organize an orientation period for the new international students. We are looking forward to welcoming you personally!

Career Service

We offer you a wide range of professional preparation and orientation services, including workshops, company excursions and job fairs.

We prepare you for the German labour market with specific information, counseling and qualifications. Thus, you are able to start your individual career in the internship and as a graduate.

Study at Hof University

Choose from our Bachelor's and Master's degree programs in the fields of Business, Computer Science and Engineering. All our degree programs are practice-oriented, interactive and include at least one semester of practical internship in companies. They are taught by professors who have significant experience in both industry and academia.

For most Bachelor's programs, the language of instruction is German. Several of our Master programs are taught completely in English. For our international exchange students, we offer a variety of modules taught in English. The current course catalogue is available on the website.
