

Master's Degree Programme Engineering Sciences

Master of Engineering (M.Eng.)

Rosenheim
Technical University
of Applied Sciences

MASTER'S DEGREE PROGRAMME ENGINEERING SCIENCES

- Qualification: Master of Engineering (M.Eng.)
- Duration: 3 semesters (full-time) or 6 semesters (part-time)
- Credit Points (CP): 90
- Teaching language: English
- No tuition fees

→ www.th-rosenheim.de/ing-master.html

This course prepares students for demanding engineering activities as well as for tasks with project and leadership responsibility. Both, lectures and exercises, are conducted exclusively in English and strengthen language skills. Therefore, students will be perfectly prepared for employment in international companies. Furthermore, students gain social and intercultural skills through teamwork exercises. Intensive mentoring and close links with the industry create the best possible conditions for studying with great potential for the future.

Course content

The Master's degree programme covers a standard study period of three semesters of full-time study or six semesters of part-time study. The first two semesters focus on learning theoretical content in lectures and seminars, supplemented by teamwork in the form of numerous specialist laboratory exercises as well as a Master's project.

Students of the Master's Degree Programme in Engineering Sciences have the opportunity to specialise in an engineering field in accordance with their particular interests and career aspirations. A week after registration, students choose one of the following specialist fields:

- Electrical Engineering and Information Technology
- Mechanical Engineering and Plastics Engineering
- Mechatronics

Application

- Course starts: 1 October (winter semester) and 15 March (summer semester)
- Application period: 1 May - 15 June (for the winter semester) & 15 November – 15 December (for the summer semester)
- An overall grade of „good“ or better in a Bachelor's Degree in a relevant field
- Special language-related admission requirements: English B2, German A2
